TO REMOVE YOURSELF FROM THE DISTRIBUTION LIST OF THIS NEWSLETTER, SIMPLY CONTACT ME BY E-MAIL. THE DISTRIBUTION LIST IS PRIVATE AND CONFIDENTIAL.

Welcome to the September 2010 edition of the Radio HF Internet Newsletter. Well, another late distribution of the Newsletter this month. I honestly don't know where the time is going. The summer is wrapping up here in eastern Canada, with the daylight hours diminishing quickly and even a few traces of colours, other than green, appearing in some of the trees.

September will be a very busy month for amateur radio fleamarkets for me as well. Beginning on Saturday, the 11th, I have three consecutive Saturday events, in Carp, Ontario, Montreal and Drummondville, Quebec. If you're going to be in attendance at any of these events, please drop by the Radio HF exhibit to say hello. It's always great to meet up with some of our subscribers, face to face. Details of the events appear in the Hamfest/Fleamarket Zone below.

Our Monthly Special Zone features websites about U.N. International Day of Peace, POW/MIA Appreciation Day, International Coastal Cleanup Day and National One Hit Wonder Day.

Our virtual voyage around the world, in the "Where in the World Zone", this month takes us to new heights, elevation wise. We head to the Himalayan Mountains for a stop in Nepal. Officially the Federal Democratic Republic of Nepal is a landlocked country in South Asia. It is located in the Himalayas and bordered to the north by the People's Republic of China, and to the south, east, and west by the Republic of India. With an area of 147,181 square kilometres (56,827 sq mi) and a population of approximately 30 million, Nepal is the world's 93rd largest country by land mass and the 41st most populous country. Kathmandu is the nation's capital and the country's largest metropolitan city.

Let's get to our listing of interesting sites this month. Please take a few minutes to send along one or two of your favourite webpages to share with our subscribers..

THE COMMENTS ZONE

Gerry Brookman, Kenai, Alaska: I always enjoy your Radio HF Newsletter however I must admit that I'm guilty of never having submitted anything.

THE CONTRIBUTORS ZONE

Great news, folks. We have 7 contributors this month. That's a great turnout after the long and lean summer months. Let's keep those numbers on the rise as we head into the fall and winter period.

Gerry Brookman, Kenai, Alaska
Kevin Carey, Bloomfield, New York
Daniel Gillet, Winnipeg, Manitoba
Sheldon Harvey, Greenfield Park, Quebec
Keith Perron, Taipei, Taiwan
Jerry Proc, Toronto, Ontario
Richard Sim, Goose Bay, Labrador & Newfoundland

THE MONTHLY SPECIAL ZONE

THE UNITED NATIONS INTERNATIONAL DAY OF PEACE

http://www.internationaldayofpeace.org/

The International Day of Peace ("Peace Day") provides an opportunity for individuals, organizations and nations to create practical acts of peace on a shared date. It was established by a United Nations resolution in 1981 to coincide with the opening of the General Assembly.

VETERANS OF FOREIGN WARS POW/MIA RECOGNITION DAY

http://www.vfw.org/index.cfm?fa=cmty.leveld&did=2486

POW/MIA Recognition Day honors the commitments and the sacrifices made by our nation's prisoners of war and those who are still missing in action. By custom, it is on the third Friday in September.

INTERNATIONAL COASTAL CLEANUP DAY

http://www.oceanconservancy.org/site/PageServer?pagename=icc_about

Ocean Conservancy's International Coastal Cleanup engages people to remove trash and debris from the world's beaches and waterways, identify the sources of debris, and change the behaviors that cause marine debris in the first place. Join us this September 25: Sign up for a Cleanup near you and get involved today!

ONE HIT WONDER CENTRAL

http://onehitwondercentral.com/

National One Hit Wonder Day is September 25th. Onehitwondercentral.com is the brainchild of web developer and music trivia buff, Dan Thompson. The site found its origin in a compilation of Thompson's favorite tunes, many of which he had not heard in years. Thompson made an inquiry into the songs and their respective creators, finding that no site offered a comprehensive listing of them. So he envisioned his own site, enlisting Josh Hoff in his cause. Hoff, who researches and writes biographies for the artists, also assists in the development of overall content.

ORIGIN OF GOOGLE

http://graphics.stanford.edu/~dk/google_name_origin.html

September 7, 1998 marked the anniversary of the founding of Google. Ever wonder how it became to be known as "Google". Read about it here.

THE SEPTEMBER ZONE

Each month we feature the monthly page from Wikipedia, the free, on-line encyclopedia. The page features an overview of the month, plus background and general information on the month itself. The actual monthly calendar, clickable day by day, gives a list of special events in history, famous birthdays, anniversaries, etc. for each day. Here is the link for the month of September.

http://en.wikipedia.org/wiki/September

Also, here are some special days and events in September.

RADIO H.F. PUBLICITY ZONE #1

THE YAESU FTM-350R DUAL BAND MOBILE

The FTM-350R is a totally new GPS / APRS / Bluetooth advanced 50W Dual-Band Mobile Radio. It really should be called a Tri-Band Radio because it also has low power capability on 220 MHz! Enjoy this extremely flexible high performance radio and it's control head that provides loads of useful information from two separate receivers as well as individual volume control. Each receiver even has a separate speaker built into the control head.

For complete details on this mobile radio, please check the Yaesu FTM-350R home page at:
http://www.yaesu.com/indexVS.cfm?cmd=DisplayProducts&ProdCatID=106&encProdID=33C814E3D04C92310507ECDE68CC3C01&DivisionID=65&isArchived=0

All Yaesu radio and accessories are available from Radio HF.

This is the official site of Nepal Tourism Board.

RADIO STATION WORLD NEPAL

http://radiostationworld.com/Locations/Nepal/

This is a listing of broadcasting organizations and radio stations in Nepal.

ONLINE NEWSPAPERS NEPAL

http://www.onlinenewspapers.com/nepal.htm

This is a listing of newspapers in Nepal.

THE RADIO ZONE

OLD RADIOS

http://www.oldradios.co.nz/

VIA Sheldon Harvey, Greenfield Park, Quebec

A gratuitous site to document and share Greg Cooney's, of Wellington, New Zealand, collection of early radio memorabilia and the part period radio shack, part museum, that houses them. Also a tribute to the 'boatanchor' valve receivers, early N.Z radio literature, vacuum tube (valve) & box collections plus unusual & novelty crystal sets and radio batteries etc.

RADIO RECORDINGS OF AA5TB

http://www.aa5tb.com/recordings.html

VIA Sheldon Harvey, Greenfield Park, Quebec

On this page Steve Yates, AA5TB, of Fort Worth, Texas has links to some of his recordings that he has made over the years, organized by category. The recordings are of amateur signals, intruders within the amateur bands, broadcast, or natural phenomenon.

COURAGE CENTRE HANDI-HAM SYSTEM

http://handiham.org/

VIA Kevin Carey, Bloomfield, New York

The Courage HANDI-HAM System was "born" in Rochester, Minnesota in 1967; the idea of Ned Carman, W0ZSW. Ned worked for a clinic, and, in the course of his work, would visit people with severe physical disabilities. As he spoke with his clients, who often had few opportunities to leave their homes, he realized that Amateur Radio would be the perfect hobby for them. Here was a hobby that could open a window to the world! A person with the most severe disabilities could stand as an equal with fellow hams in the world of Amateur Radio!

SURFING THE RADIO WAVES

http://hfsurfing.blogspot.com/

VIA Sheldon Harvey, Greenfield Park, Quebec

A decent portable receiver and simple antenna allows everybody to discover the sounds, noises and mysteries of the Airwaves. Believe me: there is still life on Shortwave! And many, many mysteries, says Manolis of Crete, Greece, who maintains this blog.

THE INTERNATIONAL CENTER FOR ACCESSIBLE RADIO TECHNOLOGY

http://i-cart.net/

VIA Sheldon Harvey, Greenfield Park, Quebec

Welcome to the International Center for Accessible Radio Technology (ICART) a collaborative effort between NPR and Towson University. ICART's mission is to design and advocate for accessibility features to be included as radio broadcasting accelerates the global transition to digital transmission. As we like to say: "Accessible design is good universal design"

GLOBAL MARITIME DISTRESS & SAFETY SYSTEM

http://www.gmdss.com.au/index.html

VIA Sheldon Harvey, Greenfield Park, Quebec

We will show you the basic concept of the GMDSS, its background and history, radio equipment requirements and how the system affects not only large commercial vessels, but also recreational craft. We will also discuss flaws in the system - and offer some solutions.

UVB-76

http://uvb-76.blogspot.com/

VIA Keith Perron, Taipei, Taiwan

This is a page focusing on the strange shortwave transmission known as the "Russian Buzzer" station. It is heard on 4625 kHz. in the AM mode, and has been heard for decades. The true purpose of the station has never been determined, but it has attracted a lot of attention, particularly of late when Russian talk, background chatter and even occasional music have been heard in on the station. Everyone loves a good mystery!

RADIO TELETYPEWRITER AN/GRC-46

http://www.spokenword.org/program/1174008

VIA Kevin Carey, Bloomfield, New York

For anyone interested in electro-mechanical Teletype machines and how they worked, I ran across a 26 min. training film on the AN/GRC-46, made in 1963.

ARMY MORSE CODE VIDEO

http://www.handiham.org/node/883

VIA Kevin Carey, Bloomfield, New York

Morse code is long gone from the military services, but back in the day...
How did the Army introduce Morse code to a class of prospective radio operators? This early film shows us how.

BERNIE TAUPIN'S AMERICAN ROOTS RADIO

http://www.berniejtaupin.com/arr.bt

VIA Sheldon Harvey, Greenfield Park, Quebec

You'll need to have Sirius/XM Satellite radio to get the optimum use out of this webpage. Songwriting partner of Elton John, Bernie Taupin has put together this excellent music show on "The Loft" channel on Siriux/XM. If you like rare recordings, eclectic musical selections and historical background into music and its artists, this show will be for you. Just check out the playlists for previous shows and you'll see what I mean. To me, this is worth the cost of satellite radio per month alone.

RADIO H.F. PUBLICITY ZONE #2

LDG ELECTRONICS ANTENNA TUNERS

Need help choosing an antenna tuner? LDG Electronics offers their unique "Tuner Comparison Chart". It gives you the specs for their line of tuners in an easy to read format that will help you make your decision. . LDG Electronics has the #1 line of autotuners in the industry. Visit the LDG webpage for details on all of their products.

http://www.ldgelectronics.com/

LDG Electronics products are available from Radio HF.

THE GENERAL ZONE

NEWSVINE

http://www.newsvine.com/

VIA Sheldon Harvey, Greenfield Park, Quebec

Updated continuously by citizens like you, Newsvine is an instant reflection of what the world is talking about at any given moment.

ODDIO OVERPLAY

http://www.oddiooverplay.com/

VIA Sheldon Harvey, Greenfield Park, Quebec

Oddio Overplay is predominantly a catalog of neat-o websites that offer legal and free sharing of music. It began in 1994 as the music division of the now defunct Boxy. The primary purpose of this site is to connect artists and audiences. Artists who want the world to hear their music offer it online for free. This music is completely legal for a listener to download and enjoy. Oddio also refers visitors to music archives, such as the United States Library of Congress, Opsound, free netlabels and the Internet Archive, that are using the Internet to allow the public to access their sound resources.

EXPEDITION TITANIC RETURN TO THE DEEP

http://expeditiontitanic.com/#

VIA Richard Sim, Goose Bay, Labrador & Newfoundland

A team is exploring the depths of the ocean, visiting the scene of the wreck of the Titanic. Join them, virtually, through this website. Slow Internet hook-ups may get hung up on this Flash heavy site.

CP-140 AURORA

http://jproc.ca/rrp/rrp3/cp140.html

VIA Jerry Proc, Toronto, Ontario

From the original purchase of eighteen CP-140 aircraft, ten have been selected to complete the AIMP modernization program and will continue to remain in service until their replacements are procured around 2020. The remaining eight CP-140s and two CP-140As are earmarked for

retirement. Navigating through the complexities of the Aurora's past and present systems would have been impossible for me had it not been for the assistance received from Captain Stephanie Hale, Navigator-Communicator Standards Officer, 14 Wing Greenwood, NS. and Ernie Cable Associate Air Force Historian and Shearwater Aviation Museum Historian.

PRINCE WILLIAM SOUND REGIONAL CITIZENS' ADVISORY COUNCIL

http://www.pwsrcac.org/

VIA Gerry Brookman, Kenai, Alaska

The Prince William Sound Regional Citizens' Advisory Council was formed after the Exxon Valdez oil spill in 1989 to provide a voice for communities affected by oil industry decisions in Prince William Sound, the Gulf of Alaska, and Cook Inlet. The council is an independent non-profit organization whose mission is to promote environmentally safe operation of Alyeska Pipeline's Valdez Marine Terminal and associated oil tankers.

COOK INLET REGIONAL CITIZENS' ADVISORY COUNCIL

http://www.CIRCAC.ORG

VIA Gerry Brookman, Kenai, Alaska

On March 24, 1989, the oil tanker, Exxon Valdez ran aground on Bligh Reef in Alaska's Prince William Sound. The ill-fated tanker spilled 11 million gallons of crude oil into the water and created an environmental disaster that ranks among the worst in the history of North America. The incident also changed forever the way crude oil is transported in the United States. Congress wanted to insure that the sense of complacency that led to the spill in Prince William Sound would not be repeated in the future. Under OPA 90, two regional citizen advisory councils were created - one for the Prince William Sound area and one for Cook Inlet. Congress envisioned the councils as a mechanism to foster long-term partnerships between industry, government, and the coastal communities of Alaska.

NATURE NORTH'S NARCISSE SNAKE DENS

http://www.naturenorth.com/spring/creature/garter/Narcisse_Snake_Dens.html

VIA Daniel Gillet, Winnipeg, Manitoba

Thinking of a trip to see the world famous red-sided garter snakes of Narcisse? Stay up to date with the action at the snake dens by checking here regularly. The spring viewing season is over for 2010, but stay in touch for the fall return of the snakes. It's about a one hour drive north from Winnipeg to the Narcisse Snake Dens.

RADIO H.F. PUBLICITY ZONE #3

What is new in books & publications from the American Radio Relay League, the Radio Society of Great Britain, and other publishers?

The ARRL Handbook for Radio Communications - 2011 Hardcover Edition.
BONUS OFFER! Get the HARDCOVER edition for the softcover price!
When you order by October 31, 2010 or while supplies last.
Includes Book and CD-ROM
The ARRL Handbook is part reference and part applied theory, filled with practical treatments of basic electronic fundamentals, RF design, digital and software radio technology, and antenna construction. It strikes the perfect balance between presentations of time-tested material and coverage of the expanding scope of Amateur Radio and the state-of-the-art. For more than eight decades, The Handbook has empowered radio amateurs and professionals alike with its do-it-yourself approach, finding its way onto workbenches and operating desks, and into technical libraries and institutions.
Always Revised! This eighty-eighth edition has been significantly enhanced, featuring brand-new projects and the most up-to-date information

Hardcover: 1416 pages. 2011 ARRL Handbook Softcover Edition also available.
The American Radio Relay League, Inc.; Eighty-Eighth Edition/First Printing (October 2010)
ISBN: 978-0-98259-096-0
$49.95 U.S./$57.50 Canadian
SHIPPING OCTOBER 1, 2010

HOMEBREW COOKBOOK - Eamon Skelton, EI9GQ
RSGB's Homebrew Cookbook starts with the very basics and progresses to advanced topics. Construction methods take you through the major techniques, from dead-bug layouts to dedicated printed circuit designs. The PCB section is packed with simple ideas that will allow you to make PCBs without any specialist equipment. It even shows you how to use sunshine or halogen security lights as a UV source.
This book features a number of construction projects including receiver designs, simple circuits, antennas made with junk-box components, SSB transmitters, and more. All of the projects use simple construction techniques with cheap, readily obtainable components. Skelton's expertise on the subject and easy to understand approach will have you reaching for your soldering iron with inspiration!
208 pages. 2010, published by Radio Society of Great Britain (RSGB).
ISBN: 9781 9050 8657 3 Order No.: 0232
$24.95 U.S./$28.95 Canadian

Please visit the Radio HF webpage at
http://www.radiohf.ca/publications.htm for a complete catalog of all books, publications and CD-Roms available from the ARRL, RSGB and other popular publishers and authors.

THE FUN & SERVICES ZONE

WHALES IN SPACE

http://www.whalesinspace.com/

VIA Sheldon Harvey, Greenfield Park, Quebec

WhalesInSpace.com is about pushing the edges of belief. We all have limits to what we believe is possible. Some people's limits stop with hard physical provable science, some peoples limits stop with religion, most people combine paradigms and systems, lumping religions, sciences and their own feelings and experiences into a blend of how and what they accept as reality. So the site is dedicated to the weird and wonderful, the paranormal and odd, science and magic and everyone who has ever seen, heard, known, or felt something that can not be explained by the ordinary.

WEIRD N'ODD

http://www.weirdnodd.com/

VIA Sheldon Harvey, Greenfield Park, Quebec

The name says it all. Weird and odd stories are gathered from sources around the world and presented here.

RADIO H.F. PUBLICITY ZONE #4

RADIO HF GIFT CERTIFICATES

Gift certificates are a great idea if you're not sure what that special person is looking for. Radio HF is offering gift certificates available in any denomination. Please contact Radio HF for details.

RADIO H.F. NATURE BOOKS DIVISION

The Radio H.F. Nature Division offers hundreds of specialty books in the fields of birding, animals, plants, etc. A complete listing of the titles is available on the new Radio H.F. web page at http://www.radiohf.ca. Simply click on the Canada goose!

THE RESOURCES ZONE

The following is a listing of clubs, groups, radio broadcasts and other resources that may be of interest to you.

THE CANADIAN INTERNATIONAL DX CLUB (CIDX)

CIDX is Canada's national radio monitoring club, serving radio hobbyists since 1962. Our monthly newsletter, MESSENGER, now published electronically, covers all aspects of the radio monitoring hobby.

SPECIAL OFFER: To all Radio HF Internet Newsletter subscribers, a FREE sample of our monthly CIDX electronic newsletter, MESSENGER, (in .PDF format) is available to you for the asking. Just send along an e-mail to cidxclub@...m, with a valid return e-mail address and you'll receive your copy by return e-mail. Our September edition, 70 pages, is now available. Membership, at the low cost of $10 per year, is open to radio hobbyists worldwide.

Please visit the CIDX web page at http://www.cidx.ca

PRIME TIME SHORTWAVE

Prime Time Shortwave is a listing of English shortwave broadcast that are updated frequently by webmasters Daniel Sampson and by database administrator Ernest Riley. The schedules are constantly updated from various print and internet sources as well as from monitoring by the webmaster and other shortwave listeners and DXers. The shortwave schedules are available by time, country and frequency format. Also, they are available in ASCII, Dbase and Excel. You will also find links to some of the best radio related websites and to the international broadcasters and time conversion charts (some provided by Craig Braun). Please visit the Prime Time Shortwave webpage at

http://www.primetimeshortwave.com/

THE INTERNATIONAL RADIO REPORT

The International Radio Report, now in its 22nd year on CKUT-FM, 90.3 FM in Montreal, is available via the Internet live streaming, and on the airwaves of CKUT, Sunday mornings at 10:30 AM Eastern (1430 UTC). The show's co-hosts, Janice and Steve Karlock, present a weekly half-hour of news, information and developments in radio broadcasting.
SPECIAL NOTE: Janice is working overseas until October 2010. Sheldon Harvey, the creator of this programme 22 years ago, will be sitting in a guest co-host during her absence.

Visit the CKUT web page for full CKUT programming details.

http://www.ckut.ca

The International Radio Report is also rebroadcast on shortwave each week on WBCQ-The Planet, Sundays at 10:30 PM Eastern (0230 Monday UTC) on 5110 kHz. You may also listen to archived editions of the programme through the CKUT web site. Send your comments or questions to the International Radio Report, by e-mail, to radioreport@...

RADIO CANADA INTERNATIONAL

RCI's new schedules for the S10 broadcast season (28 March 2010 to 31 October 2010) have been posted on the "Schedules and Frequencies" page of the RCI website at the following address:

http://www.rcinet.ca/english/schedule/

You will find not only our shortwave broadcast schedules, but also the schedules for our three, 24-hour per day satellite channels on the HotBird satellite (Europe/North Africa/Middle East), and for the RCI Plus channel on Sirius Satellite Radio. Stay in touch with Canada via Radio Canada International.

That is all for this month. Radio H.F. is a mail order, telephone and on line business, with great products, great prices, and personalized service, serving the radio community since 1995. Be sure to visit the Radio H.F. web site at
